

## MOBIILIKESÄKOULU - MOBILESUMMER 2014

Come and see more - enhance your perception of reality!

The MobileSummer School sees the world with new eyes. Technology helps to expand your view and enables you to create multi-dimensional learning environments. Together with others at the MobileSummer School will learn about mobiles, 3D virtual environments, augmented reality and games in education.

At the MobileSummer School you will learn to understand the real potentiality of mLearning. You will experience how working outside traditional classrooms frees creativity and how new forms of expressions are developed. Mobility puts emphasis on cooperation, easy producing and sharing, multimedia and fun in learning.

Come experience and create together with others a unique MobileSummer School.

Mustiala Park at Tammela, Finland invites you to join us on 21 -22 May 2014. Costs: 2 days/195 euros + accommodation: 1 day/120 euros

Registration by  
12 May 2014 via
